Mandate for Homeland

For the first time in years a parade of rejoicing will be held by the Jews of New York, when thousands participate next Tuesday in a procession in celebration of the decision of the San Remo peace conference that Palestine is to be the Jewish homeland, with Great Britain as the mandatory.

Headed by two of the oldest orthodox rabbis in this city, each carrying the "scrolls of the law," the parade will be in marked contrast to the many processions of mourning and protest against pogroms that have been held in the last generation.

The parade, which will be given under the general direction of Zionist Organization of America and headed by Judge Julian W. Mack and Dr. Stephen S. Wise, president and vice-president of the organization, will have in line several thousand veterans of the American Expeditionary Forces, Jewis legionnaires who fought under the British flag for the liberation of Palestine, the New York and Brooklyn chapters of Hadassah, the women's Zionist organization, the membership of the thirty-one Zionist districts of greater New York, the Order B'Nai Zion and the Mizrachi Zionists. The parade will be a fitting climax for the extraordinary Zionist convention which opens at the Lexington Opera House Sunday afternoon. sign no name, but you will know who it is from.

Furey said he did not intend to shoot Kean. Asked to explain the letter's phrase "knock him," the witness said: "Let him come up here and I will tell that when he comes up."

While Arnstein's main "disposal plant" is supposed to have been in Montreal, certain facts brought to light in the testimony of witnesses in the bank-ruptcy proceedings indicate that thousands of dellars' worth of stolen securities were sent to Quebec and Toronto, where they were "buried" in Canadian banks and brokerage houses as collateral on which loans were obtained.

Steps will be taken immediately by Mr. Myers to examine these bankers and brokers in the Canadian cities, and he expects to have the cooperation of the courts there. Mr. Myers said yesterday that approximately \$750,000 worth of securities stolen here had been traced to Philadelphia, Washington, Baltimore and Cleveland.

In some cases the brokers into whose hands they fell have refused to give them up, and legal actions are already under way to recover them.
